

# LEGAL<sup>®</sup>EVOLUTION

EXPO & CONGRESS 2020  
FRANKFURT 30 NOV. AND 01 DEC.

OUR  
HEALTH  
PROTECTION  
CONCEPT

[LEGAL-REVOLUTION.com](http://LEGAL-REVOLUTION.com)

SAFE  
DESPITE  
CORONA!

We want you to participate safely in the LEGAL REVOLUTION. Therefore we have set up a comprehensive health protection concept together with the public health authorities and Messe Frankfurt. The highly modern Kap Europa with its advanced equipment offers ideal conditions to meet this demand without compromises:

- The powerful ventilation system exchanges the whole air in the Kap Europa with fresh air 5 times every hour.
- In order to maintain large distances, we rented the entire Kap Europa. There are now four levels instead of two available to you. This gain in space facilitates the possibility to design the exhibition stands and events safely.
- Furthermore we offer the particularly effective FFP2 masks free of charge on site!
- Disinfection possibilities are distributed over the entire building and at each exhibition booth. In addition, a one-way system with information signs ensures a regulated and safe flow of visitors.

- We ensure that the seating in the lecture rooms is spacious. Speeches will be delivered in larger rooms and streamed in other rooms to allow for these distances.

And there is more to it than that: Almost every week we come up with a measure to make the LEGAL REVOLUTION 2020 even safer. This way, every visitor, exhibitor and speaker can participate in LEGAL REVOLUTION without hesitation and experience it without restrictions.

With this confidence, we will do everything in our power to ensure that LEGAL REVOLUTION, Europe's largest exhibition and congress for law firms, compliance- and legal departments, will be a joint success for all those involved again this year. As usual, hundreds of innovative legal and compliance solutions and more than a hundred lectures, panels, workshops, coaching sessions on legal and compliance tech, modern legal economy (legal operations, legal design, etc.) and the law of the digital economy await you as well as countless opportunities for sustainable, forward-looking encounters and discussions.

We look forward to a great experience at LEGAL REVOLUTION with you, our visitors and partners.

- End of message, 2067 characters including spaces -
